### EXPERIENCE INNOVATION AT FAIM 2025

Join us at the renowned FAIM (Flexible Automation and Intelligent Manufacturing) International Conference, a hub for innovation in automation and manufacturing.

In 2025, explore "The Future of Automation & Manufacturing: Intelligence, Agility, and Sustainability." Engage with leading research, innovative theories, and practical applications in areas like flexible automation, intelligent manufacturing, cybersecurity, and sustainable supply chains. This year's industry tours feature exclusive visits to **IBM, Amazon, and Steinway & Sons**, showcasing their cutting-edge technologies and processes.

Hosted by prestigious universities worldwide, FAIM rigorously selects 250 to 300 top research papers annually, showcasing groundbreaking work in the field. Connect with leading academic and industry professionals and be part of the community driving technological and managerial advancements.

Don't miss out—be at the forefront of innovation at FAIM!

### BINGHAMTON UNIVERSITY

FAIM 2025 will be hosted by Binghamton University. As one of the four esteemed public research universities within the State University of New York (SUNY) system, Binghamton University is renowned for its academic excellence and groundbreaking research. Nestled in southern New York State, it offers easy reach to major urban hubs like New York, Boston and Philadelphia. With its vibrant community, diverse cultural offerings and stunning natural surroundings, Binghamton University promises a perfect blend of academic excellence and outdoor adventure for FAIM 2025 attendees.
